

Energy Savers, Inc. Executive Receives  
“Women in Business” and  
“Associate Member of the Year”  
Awards From Local Organizations

On March 15, Energy Savers, Inc. Vice President, Natalie Abel was presented the 2012 “Women in Business Award” by The Pittsburgh Business Times. Each year, the Business Times honors the Pittsburgh region's top executives for their contributions to their companies, industries and community.

And on March 8, Natalie was awarded the GPHA (Greater Pittsburgh Hotel Association) “Associate Member of the Year” award for 2011. This award is given to a vendor of the hospitality industry that has been a member in good standing and active in GPHA for two or more years. Nominees are judged on their commitment to the industry through their participation in activities and programs designed to benefit of GPHA membership.

Both awards highlight Natalie’s commitment to service excellence within local industries and communities.

In addition to serving as an active member of GPHA, Natalie Abel is also the Sponsorship Director of CREW Pittsburgh (Commercial Real Estate Women), Team manager of an Arctic Foxes “Squirt” Hockey Team, and an active fund-raiser for Make-A-Wish Foundation.
